**PETITION TO EXPUNGE ASSIGNMENT RECORDS  
MPEP 323.01(d)**

Dear Sir or Madam:

The Patent Owner identified above respectfully requests to expunge the assignment document ("Assignment Document" below) recorded at Reel/Frame 012104/0686, recordation date 08/23/2001, for the Petitioner's Patent identified above. A telephone call to the USPTO revealed that the Assignment Document does not refer to the Petitioner's Patent but refers to a different patent, U.S. Pat. No. 6,859,853 ("the '853 Patent").

The USPTO assignment records for the '853 Patent show a corrective assignment, recorded at Reel/Frame 012474/0632.

MPEP 323.01(d) states that petitions to expunge can be granted if the petitioner proves that:

- (A) the normal corrective procedures outlined in MPEP § 323.01(a) through § 323.01(c) will not provide the petitioner with adequate relief; and
- (B) the integrity of the assignment records will not be affected by granting the petition.

With regard to (A), the corrective assignment for the '853 Patent has not relieved the petitioner from the Assignment Document being associated with the Petitioner's Patent.

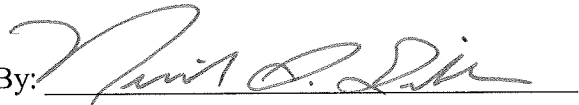

With regard to (B), the integrity of the assignment records will be improved if the Assignment Document, related to the '853 Patent, is expunged from the records of the Petitioner's Patent.

Applicant's believe that no fee is necessary, however, the Commissioner is authorized to charge any fees due to Deposit Account No. 08-1394 in connection with this submission.

Any questions regarding this case can be addressed to the undersigned at the telephone number below.

Respectfully submitted,

Dated: October 15, 2010
